## access consciousness foundation level pdf

Consciousness is the state or quality of awareness or of being aware of an external object or something within oneself. It has been defined variously in terms of sentience, awareness, qualia, subjectivity, the ability to experience or to feel, wakefulness, having a sense of selfhood or soul, the fact that there is something "that it is like" to ...

## Consciousness - Wikipedia

Higher consciousness is the consciousness of a higher Self, transcendental reality, or God. It is "the part of the human being that is capable of transcending animal instincts". The concept was significantly developed in German Idealism, and is a central notion in contemporary popular spirituality.
